Summary:

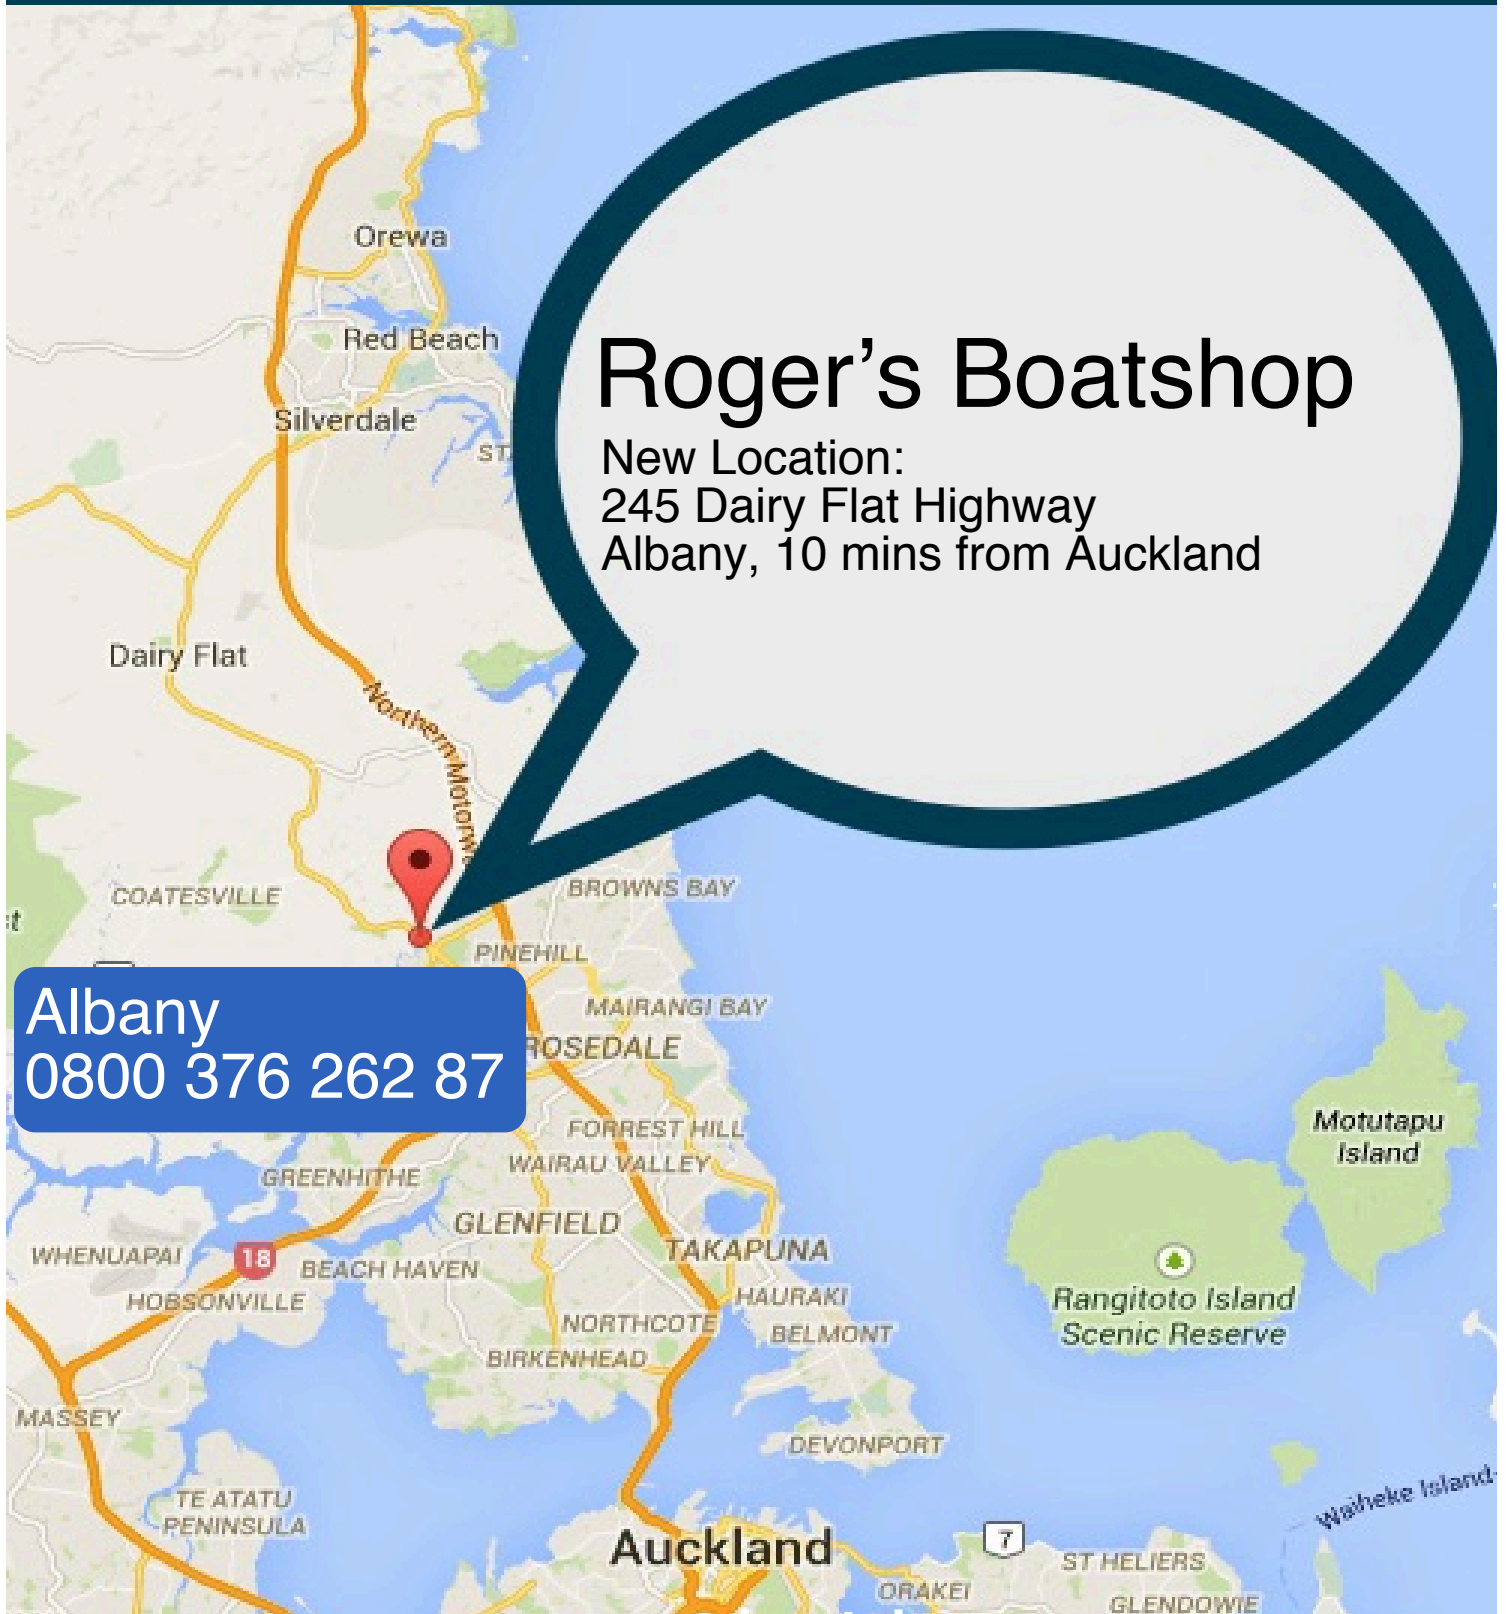

The 530 Exess shares the same hull, cockpit and deck design as the 525 Billfisher. The 530 Exess is the higher spec version, with extra features and upgraded upholstery. When first released in 2004, these two models were the first Buccaneers to incorporate an Advanced Composite Stringer System (ACSS) design and construction, which is a full fibreglass inner liner and stringer system that does away with any timber in the boat. Now, every Buccaneer Boat is designed and built using this industry leading method, which has resulted in stronger and safer boats. This 530 Exess is in extremely tidy condition due to meticulous maintenance and regular servicing since new. With only 274 hours of running time on the water and equipped with quality navigation, communication and entertainment electronics, this cabin runabout is fantastic value. We can arrange delivery throughout NZ. Call Nigel or John for further details. *** OXFORD FINANCE & YMI INSURANCE AVAILABLE AT SUPER COMPETITIVE RATES***
