Summary:

The 2019 VXR WaveRunner with its ultra lightweight hull & deck, NANOXCEL2 technology, offers race bred performance and agility with Yamaha's class leading 4 cylinder, 4 stroke normally aspirated engine.

Coupled up to a high pressure upgraded intake grate and ride plate, delivers even more exhilarating acceleration and on the water handling performance.

With Yamaha's patented RiDE twin throttle system with trim puts you in total control.

Sure footedness is not just for this top notch WaveRunner but with tailored for Yamaha custom deck treads, when you feel the urge to stand and have a go like the pro's and lean on in, you'll be as stable as the ski.
